

# Archiflex

## AFX Series

*Where Architecture and Flexible Fixture Design Blend Together*

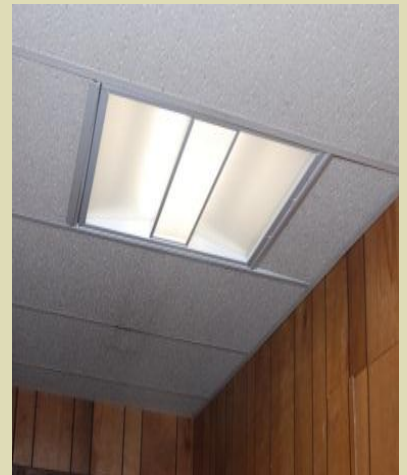

*The **AFX Series** offers exceptional design and flexibility for lobbies, conference rooms, corridors, offices and retail spaces.*

*Choose from a selection of highly transmissive side lenses.*

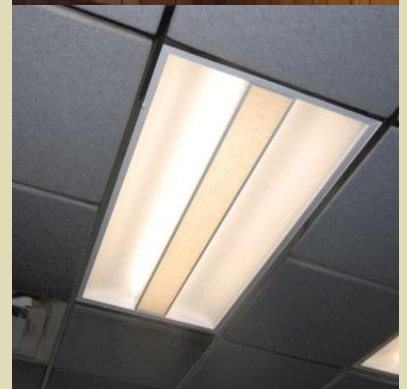

*Select from optional high performance, aesthetic center lenses, or translucent patterns and fabrics. Pick the internal reflector that will help provide the desired efficiency level. You can achieve a wide range of custom looks to complement the interior design while maintaining high efficiency and appropriate light levels.*

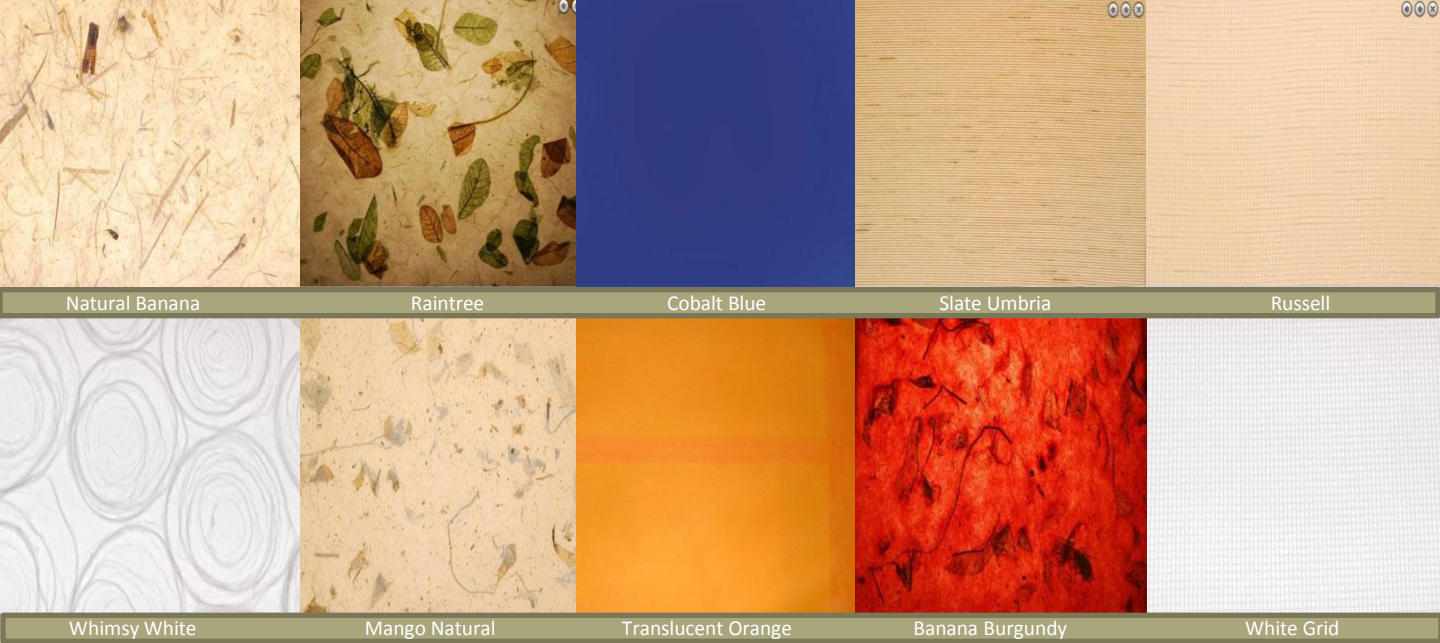

*A pallet  
of Flexible  
Options For You  
To Create  
Interior Lighting  
Enhancements*

*Choose  
YOUR  
Style!*
