

# LUMAX LIGHTING

## AIR HANDLING

CG, CPG, EPG, ID, LG,  
PG, 5 PG AND RG SERIES

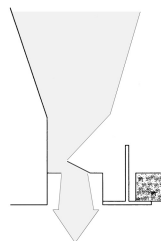

Side Slots  
(not available on ID or LG)

Both Top and Side Slots  
(not available on ID or LG)

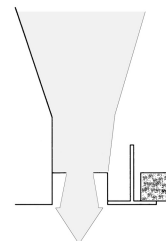

Top Slots provide heat/air extraction.  
Side Slots provide air supply or return.  
Combination of Top and Side Slots offer full  
air capacity. Static models have a matching  
appearance for design continuity.

Optional top or side mount control Vanes  
modify air flow and may be adjusted from  
open to fully closed.

### Control Vanes

Partially  
Open

Fully  
Open
